Welcome to

SAP Business Application Studio

Now you can efficiently develop business applications for the Intelligent Enterprise with a powerful and modern development environment.

At the heart of SAP Business Application Studio are the dev spaces. A dev space is a pre-configured private environment (your own "virtual machine" on the cloud) where you can develop, build, test, and run using pre-installed runtimes and tools. You can create a dev space for each of your development scenarios.

Windows taskbar with Start button, Search bar, and various application icons (File Explorer, Edge, etc.).

12.

The screenshot shows the 'New Project From Template' window in the SAP Cloud Application Programming Model (CAP) development environment. The window has a sidebar on the left with icons for various functions like 'Get Started', 'Project From Template', 'Log', and 'Connect'. The main area displays a selection of project templates. A radio button labeled 'Select Template and Target Location' is active. The templates are arranged in a grid:

- Basic Multitarget Application**: Create a project for developing a multitarget application (MTA). MTAs are comprised of multiple software modules that are created with different technologies, yet share the same development lifecycle. [More Information](#)
- (Legacy) SAPUI5 Adaptation Pr...**: Adaptation project allows you to create an app variant for an existing SAP Fiori elements-based or SAPUI5 freestyle application, without changing the original application. [More Information](#)
- CAP Project** (highlighted in yellow): Creates a new SAP Cloud Application Programming Model project. [More Information](#)
- SAP Fiori generator**: Create an SAPUI5 application using SAP Fiori elements or a freestyle approach.
- SAPUI5 Adaptation Project**: Adaptation project allows you to create an app variant for an existing SAP Fiori elements-based or SAPUI5 freestyle application, without

At the bottom left of the main area is a 'Start >' button. The bottom of the window shows a Windows taskbar with the Start button, a search bar, and several application icons. The system clock in the bottom right corner indicates the time is 2:57 PM on 7/12/2026.
